Additional Confirmation Numbers:

Flight itinerary may be subject to scheduling changes from the airlines.

Please check your departure times online 48 – 24 hours prior to departure.

Also as you are quickly approaching your departure date there are a few things to keep in mind:

Pre-Tour Meeting

I will be sending you a pre-tour PowerPoint to use at your meeting. You should receive your shipment of backpacks around 30 days prior to departure.

Cell Phone on Tour

If you plan to carry a cell phone, please send me the number so I can file it on your account in case of emergency.

Tour Director Optionals

Your Tour Director may offer the group optional excursions while on tour. He or she will list the options available in your pre-tour communication. Please let me know if you would like further details on what is usually offered.

Emergency Contact list

Ensure your emergency contact list is up-to-date and accurate. This list can be found on your Group Leader website under “manage your group” → Emergency Contacts (this list can be exported to print).

Baggage Restrictions

- Packing light is essential—a good rule of thumb is that if you cannot carry your suitcase up and down a flight of stairs it is too heavy!
- All travelers have to lift their own luggage on and off the bus and carry it into their hotel rooms;
- To ensure there is sufficient room for the group’s luggage on trains/buses/ferries, it is strongly recommended that each traveler bring one piece of luggage and one carry on only.
- The maximum weight for one piece of luggage on most carriers is 25kg or 50lbs.

Carry-On Luggage-

- Travellers cannot bring any liquids or gels through security check points unless they are travel sized (for example 100ml or less). Bottles of water are not permitted through the security check points at all.
- Remember to pack all medications (clearly identified with your name on them) in your carry-on luggage- just in case!

Best,
Merike

Other items you may bring on board

Special items

Codeshare flights/flights with other airlines

Passengers who purchase travel on a [codeshare flight](#) or a flight with another airline may be subject to the baggage policy and other rules of the airline operating the **first flight in their itinerary**.

For the specific terms and conditions of any Air Canada [codeshare](#) partner or other airline sold on aircanada.com, visit the operating carrier's website directly.

Security enhancements

Passengers travelling with liquids or gels in containers over 100mL/100g (3.4oz) that are placed in carry-on baggage will have these items confiscated at the security checkpoint.

Passengers with connecting flights are advised not to purchase liquids or gels in containers over 100mL/100g (3.4oz) within the secure area at the airport or on board the aircraft if they do not have:

- access to their checked baggage between connecting flights, and
- room in their checked baggage to pack their duty-free purchases before rechecking their bags for their next flight.

To view Transport Canada's **detailed list of items prohibited from carry-on baggage**, including liquids and gels, please refer to the [CATSA](#) website.

For specifications regarding **permitted types and quantities of liquids and gels**, as well as accepted packaging, please consult the [Reminder to Travellers](#) (PDF file, 267 KB).

Prohibited items

Important: Please read [information on printer toner cartridges](#) if you plan on bringing such items in your carry-on or checked baggage.

Below is a partial list of items that are prohibited from carry-on baggage. Always store them in your [checked baggage](#):

Sharp, piercing or cutting objects

Electronic devices that can interfere with navigational and/or communication equipment
