# **TRAVELING ON AN OVERNIGHT FERRY**

Overnight ferries are a fun and efficient way to travel from one country to another. To ensure smooth sailing, however, there are a few important things to keep in mind:

- Students will room 3-4 to a cabin. Adult travelers (age 20 and older) will share twin cabins with adult travelers of the same gender. If twin cabins are not available, adult travelers will room 3-4 to a cabin. Double beds are not available on overnight ferries.
- You will not share a cabin with non-EF travelers.
- Basic cabin amenities include air conditioning and a private bathroom.
- The services offered onboard vary by ship, but all ferries include a self-service restaurant, Internet access and shops.
- There is very limited luggage space on overnight ferries. With that in mind, please pack light if your tour includes an overnight ferry.
